

The Non-toxic, Sustainable Choice

All Bona floor finishes are non-toxic water-based coatings. The main difference between toxic solvent based coatings and non-toxic water-based coatings is the amount of Volatile Organic Compounds (VOC's) that evaporate as the finish dries.

Bona's low VOC's means there is no need to vacate premises during application due to solvent fumes and no concern about the health effects of toxic chemicals.

Who is Bona?

- The market leader in non-toxic timber floor finishes globally
- Bona products are available in over 75 countries
- The No1 choice for professional contractors
- Experts in floor coatings & cleaning products since 1919

Please read the additional information regarding Bona finishes including technical datasheets, safety information and slip resistance certificates at bona.com.au before using this product.

Bona Traffic

Designed for Heavy Traffic Residential and Commercial Floors

Produced in Sweden, Bona Traffic is the ideal all-round solution. Traffic is a commercial-grade hard-wearing finish that has been used on more than 150 million m² of timber flooring at residential and commercial sites all over the world.

Bona Traffic is a 2 component finish available in two sheen levels: satin and matt. Whichever sheen level is chosen, it is the right choice for busy homes as well as commercial situations such as offices, studios, residential spaces and retail shops.

- 2 component water-based top coat
- 100% polyurethane
- Excellent wear resistance
- Non-toxic
- Non-yellowing
- For use with Bona primers
- TVOC 88.0 g/Lt (av all sheens)
- 8.5% total solvent content
- 8-10 m²/Lt coverage
- Drying time 3-4 hours between coats
- 2.5 mg/100 rev wear resistance (SIS 923509)
- 2 sheen levels: Satin and Matt
- Gloss Level (60°):

Satin	45
Matt	15

Bona's floor care products are GREENGUARD indoor air quality certified, which means they are safe for use around your home, your family and your pets.
